COMPANY OVERVIEW

About Us

DRAGGER ENGINEERING (DE) – The Rope Access PRO!

DE is a leading rope access company in Malaysia, present throughout the entire value chain – from inspection, advisory, and servicing to research, method development, training, and marketing. We deliver efficiency, sustainability, and cost-effectiveness with precision and pride.

Committed to quality and excellence, DE has implemented ISO 9001 to uphold superior standards, enhance customer satisfaction, and drive continuous operational improvement. Understanding that health and safety are non-negotiable, we have adopted ISO 45001, reinforcing our OH&S practices and fostering a culture of zero compromise on safety.

DE has also achieved a major milestone: ISO/IEC 17024:2012 accreditation as a certified personnel certification body. This positions us not only as a training provider but as a competency-driven authority capable of assessing and certifying professionals to globally recognised standards.

Specialising in high-risk, hard-to-reach, quick-fix operations, DE combines talent, hard work, and relentless drive to leave a bold mark on every project. Our commitment is simple: deliver with pride, lead with credibility, and ensure clients return.

DRAGGER ENGINEERING – The Rope Access PRO!

WHAT WE DO

Rope Access and Working At Height Services.

We provide safe, efficient, and reliable rope access solutions for high-risk and hard-to-reach projects. From inspection, maintenance, and repair to complex installation work, our certified technicians deliver precision and compliance at every height.

Training Provider

We offer industry-recognised training programs to develop skilled rope access professionals. Our courses cover technical competency, safety leadership, and operational excellence, empowering individuals and organisations to achieve global standards.

PPE & Equipment Supplier

We supply high-quality personal protective equipment (PPE) and specialized safety products, ensuring workers have the right tools for maximum protection, compliance, and performance in challenging environments.

ROPE ACCESS & WORKING AT HEIGHT SERVICES

DE specialises in high-risk, hard-to-reach, and quick-fix operations across multiple industries. Our certified rope access technicians provide:

- Building Facade Inspection & Maintenance: Window cleaning, structural inspection, and cladding repairs at height.
- Industrial Equipment Servicing: Maintenance and repair of machinery, tanks, and vessels in confined or elevated spaces.
- Civil & Construction Support: Installation, inspection, and monitoring of bridges, towers, and other high structures.
- Emergency & Rapid Response Services: Quick deployment teams for urgent repairs or inspections at height.

Value proposition: All work is performed safely, efficiently, and in compliance with DOSH, OSHA, and international rope access standards.

TRAINING PROVIDER

We provide industry-recognised rope access and working-at-height training, designed for skill development, safety, and certification:

- Rope Access Levels 1–3 (PRAC Certification): From technicians to supervisors, covering technical skills, safety management, and rescue operations.
- Working-at-Height Courses: Practical training on fall arrest systems, harness use, and safe positioning.
- PPE Inspection Courses: Training personnel to inspect, maintain, and certify PPE, ensuring all equipment meets safety standards and is fit for use.
- RASHO (Rope Access Safety & Health Officer) Courses: Specialised programs to develop safety leadership and risk management skills for complex rope access operations.
- Customized In-House Training Programs: Tailored courses for companies, focusing on operational efficiency, compliance, and competency development.
- Competency Assessment & Certification: PRAC-accredited assessments, ensuring personnel meet globally recognised standards.

Value proposition: Develops skilled personnel, strengthens safety culture, and improves workforce competency.

PPE & EQUIPMENT SUPPLIER

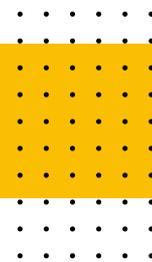

DE supplies high-quality personal protective equipment (PPE) and specialized safety products to ensure workers are protected and compliant in demanding working-at-height environments:

- Fall Protection Gear: Harnesses, lanyards, shock absorbers, and anchors for safe working at height.
- Rope Access Tools & Accessories: Carabiners, descenders, ascenders, and other rigging equipment.
- Emergency & Rescue Equipment: Rescue kits, stretchers, and first-aid kits designed for rope access and high-risk operations.
- Authorised Partner of DRAGOR Brand: Providing certified DRAGOR PPE and equipment, ensuring top quality, reliability, and compliance with international standards.

Value proposition: Safe, reliable, and compliant equipment from trusted brands to support professional rope access, working-at-height operations, and emergency preparedness.

SERVICE SECTOR

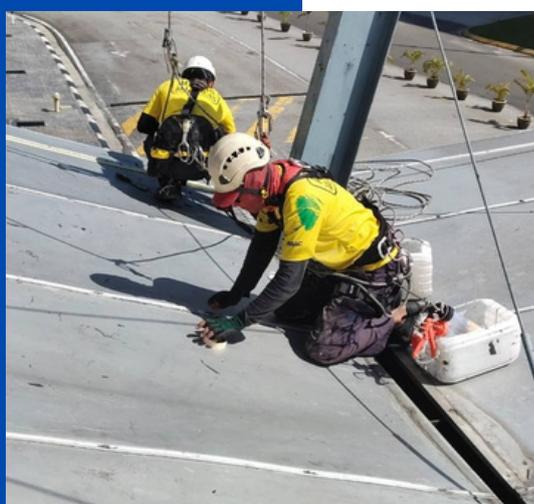

Building & Property Management

Facade inspection, maintenance, cleaning, and repair works for high-rise buildings, commercial properties, and residential developments.

Industrial & Manufacturing

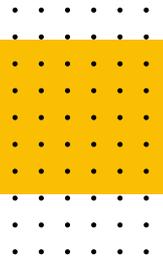

Inspection, maintenance, and servicing of industrial structures, tanks, vessels, and plant facilities operating in confined or elevated environments.

Construction & Infrastructure

Support services for bridges, towers, structures, and large-scale construction projects, including inspection, installation, and monitoring works.

SERVICE SECTOR

Oil, Gas & Energy

Rope access services for energy-related facilities, including inspection, maintenance, and repair works in challenging and hazardous environments.

Telecommunication & Utilities

Access and maintenance for towers, masts, cables, and utility structures where conventional access methods are impractical.

Marine & Offshore

Specialised rope access solutions for marine structures, jetties, platforms, and offshore-related facilities requiring safe access over water.

OCCUPATIONAL SAFETY AND HEALTH POLICY

DRAGGER ENGINEERING is committed to ensure Occupational Safety and Health for all employees, visitors, contractors and related stakeholders.

DRAGGER ENGINEERING believes that Occupational Safety and Health is an integral part of our daily business activities and shall constantly strive to achieve the following:

1. Commit to providing safe and healthy working conditions in the workplace to prevent work-related injury and ill health.
2. Comply with applicable Occupational Safety and Health legal and other requirements.
3. Create a proactive culture where all Occupational Safety and Health risks associated with its activities are adequately controlled by eliminating or reducing the risks to a level as low as reasonably practicable (ALARP).
4. Continuously improve the Occupational Safety and Health management system across the whole organization.
5. Consult and include participation of employees where applicable in the planning, implementation, performance evaluation or actions in Occupational Safety and Health management system.

The policy shall be reviewed and revised for its continuing suitability and be disseminated to all relevant parties.
